How to Bank the POS app on Ipads

Version 1

Instructions for Banking the POS app on Ipads

(Video Demonstration attached - Click on Paperclip above to view video)

At the end of each day, open the iPad and click on the "End of Shift" button.

This will prompt you to enter your Manager's Password.

Once signed in, the iPad will load the payment summary page.

It is crucial to copy the expected totals field to the actual totals field, as demonstrated in the video attached.

Upon completing this step, press the submit button, and the iPad will finalise the banking process.
