

Receiving Stock

1 In Xi Choose Supply Chain – Purchasing – Purchase Orders

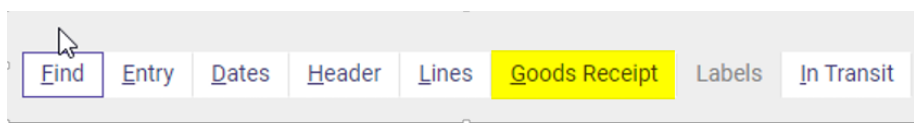

2 Click “Find” – then Enter Order Number

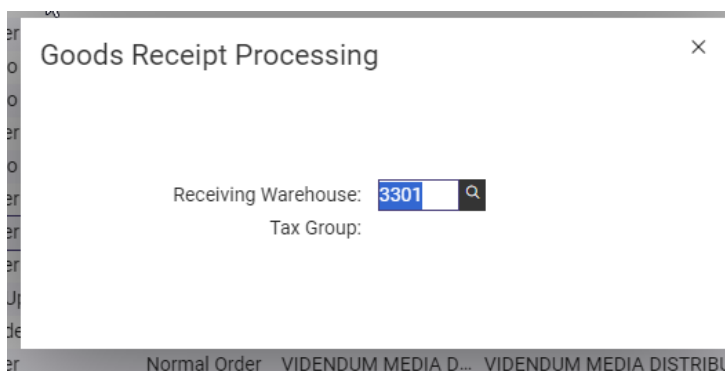

For Orders originally placed in Acumen the Order Number will be Acumen Purchase Order without “P” prefix. If you receive a Purchase Order starting in 150.... this is a new order created in Pronto

3 Click “Goods Receipt”

4 Receiving warehouse is your store – set this as default

5 Receiving Stock can be done in two ways – If all the Stock for an Order has been delivered you can just Click “All” or you can Click “Receive” and enter individual lines that have been supplied.

Example below shows 5 items received and 5 items placed on back order.

Click “Quit” when you have entered all lines.

8 Click Enter

The "Transaction Entry" dialog box is displayed over a background of a list of items. The dialog has a title bar with a close button (X). Below the title bar, the text "Transaction Date and Batch Details" is shown. The main area contains four fields: "Transaction Date:" with a date picker set to "27-JUL-2023", "Stock Period:" with a dropdown set to "Aug. 2023-2024", "Batch Reference:" which is empty, and "GL Period:" with a dropdown set to "Jun. 2022-2023".

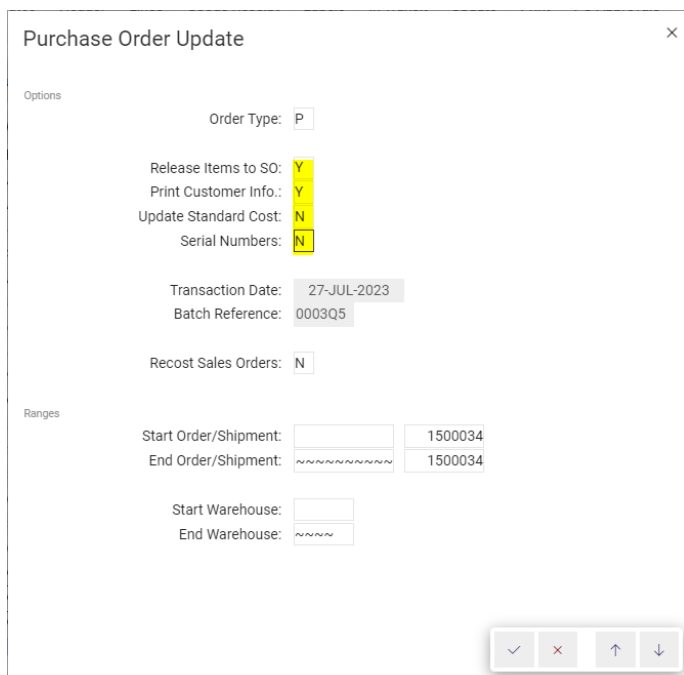

9 Click "Yes"

The "Confirmation" dialog box is shown. It has a title bar with a close button (X). The main text asks "Confirm Entry?" and includes a note "(CANCEL returns to the last field)". At the bottom, there are three buttons: "Yes", "No", and "Cancel".

10 Enter Y to "Release item to SO" (Special Order) and "Print Customer Info"

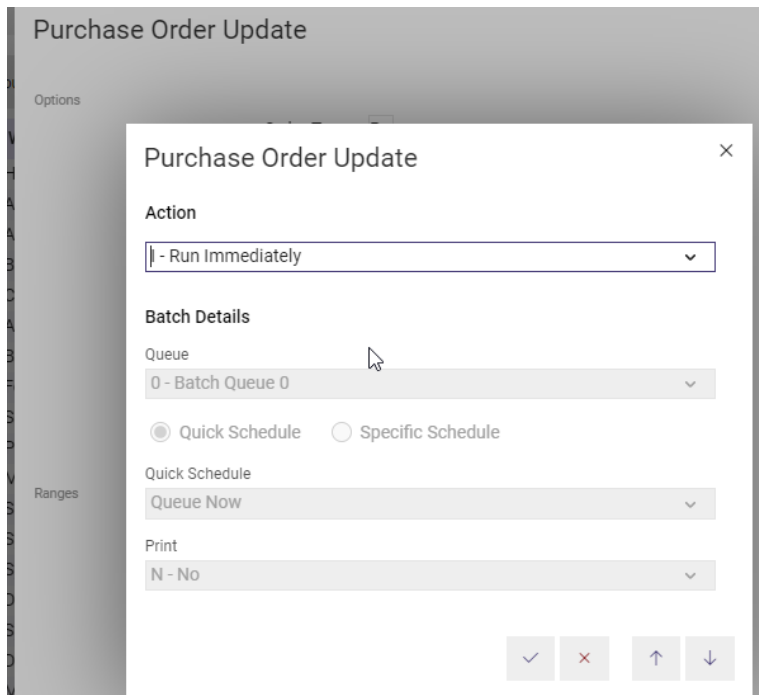

Enter N for Update Cost and Serial Numbers- the rest will autofill

The "Purchase Order Update" dialog box is shown. It has a title bar with a close button (X). The main area is divided into two sections: "Options" and "Ranges". In the "Options" section, there are five fields: "Order Type:" with a dropdown set to "P", "Release Items to SO:" with a dropdown set to "Y", "Print Customer Info.:" with a dropdown set to "Y", "Update Standard Cost:" with a dropdown set to "N", and "Serial Numbers:" with a dropdown set to "N". Below these are "Transaction Date:" with a date picker set to "27-JUL-2023" and "Batch Reference:" with a text field containing "0003Q5". In the "Ranges" section, there are four fields: "Start Order/Shipment:" with a text field containing "1500034", "End Order/Shipment:" with a text field containing "1500034", "Start Warehouse:" with a text field, and "End Warehouse:" with a text field. At the bottom right, there is a navigation bar with four buttons: a checkmark, a red X, an up arrow, and a down arrow.

11 Click Enter or Tick and you will receive a Report detailing what items are for Customer Order.

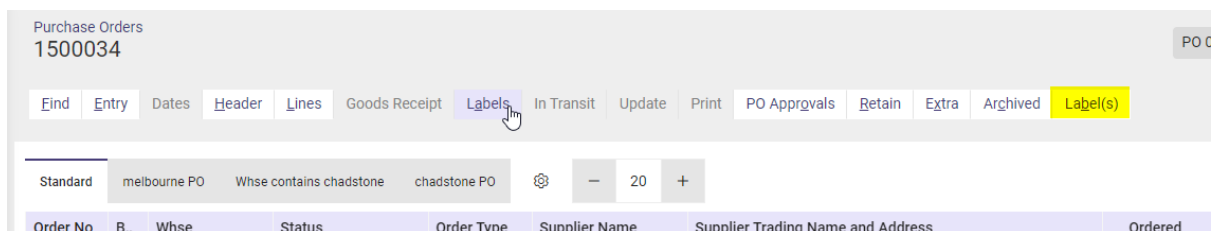

Pick all orders and Call pickup Customers and dispatch any post out items.

The image shows a 'Purchase Order Update' dialog box. It has a title bar with a close button (X). Below the title bar, there is a section for 'Action' with a dropdown menu set to 'Run Immediately'. Below that is a 'Batch Details' section with a 'Queue' dropdown set to '0 - Batch Queue 0'. There are two radio buttons: 'Quick Schedule' (selected) and 'Specific Schedule'. Below the radio buttons is a 'Quick Schedule' dropdown set to 'Queue Now'. There is a 'Print' dropdown set to 'N - No'. At the bottom right, there are four buttons: a checkmark, a red X, an up arrow, and a down arrow.

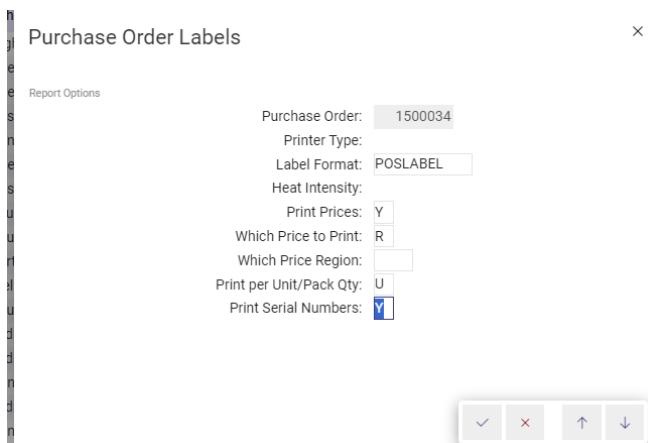

Stock Labels

12 Check Label Printer has correct Labels. Click on Label(s) button

The image shows a 'Purchase Orders' list. The list has a header with 'Purchase Orders' and '1500034'. Below the header is a row of buttons: 'Find', 'Entry', 'Dates', 'Header', 'Lines', 'Goods Receipt', 'Labels', 'In Transit', 'Update', 'Print', 'PO Approvals', 'Retain', 'Extra', 'Archived', and 'Label(s)'. The 'Label(s)' button is highlighted in yellow. Below the buttons is a table with columns: 'Order No', 'B..', 'Whse', 'Status', 'Order Type', 'Supplier Name', 'Supplier Trading Name and Address', and 'Ordered'. The table has one row with data: 'Standard', 'melbourne PO', 'Whse contains chadstone', 'chadstone PO', a gear icon, a minus sign, '20', and a plus sign.

13 Check Label Format is POSLABEL and defaults are set as below then Click Enter or tick to Print Stock Labels.

The image shows a 'Purchase Order Labels' dialog box. It has a title bar with a close button (X). Below the title bar, there is a 'Report Options' section. The options are: 'Purchase Order:' (1500034), 'Printer Type:' (empty), 'Label Format:' (POSLABEL), 'Heat Intensity:' (empty), 'Print Prices:' (Y), 'Which Price to Print:' (R), 'Which Price Region:' (empty), 'Print per Unit/Pack Qty:' (U), and 'Print Serial Numbers:' (Y). At the bottom right, there are four buttons: a checkmark, a red X, an up arrow, and a down arrow.
