

Ted's Cameras

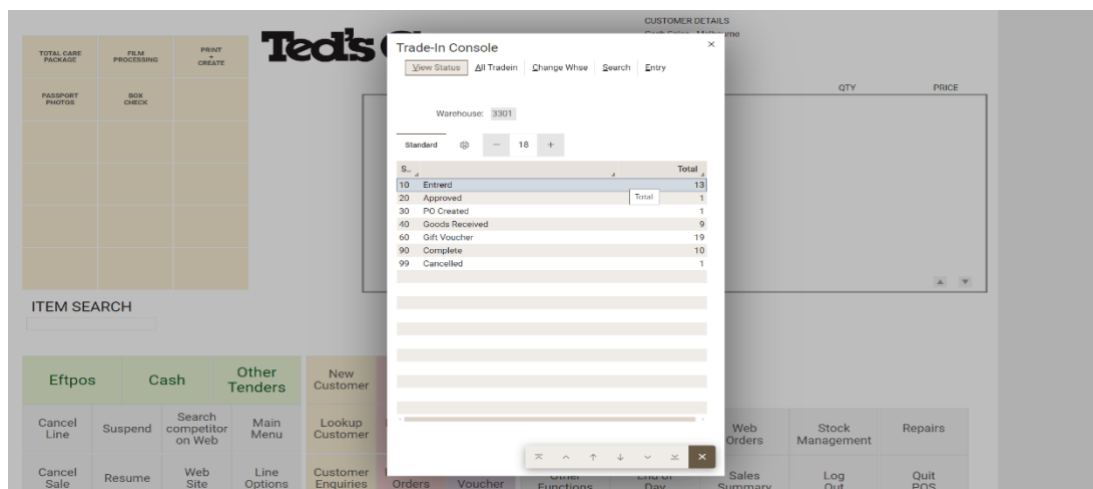

Expert Advice, Great Price

Second-Hand Processing Guide-Store Credit.

1. After opening POS, you will now find the Trade-In Console on the main function screen where the override rep code used to be displayed. Click this button to open the Trade-In Console.

2. Once the console is open, you will see the various statuses a trade-in can have, allowing you to check the status of trade-ins at any time.
3. To begin a new trade-in, click the “Entry” button at the top right of the console.

4. After clicking "Entry" on the initial console screen, a pop-up titled "Enter Trade-In Order" will appear. Click "Entry" in this field.

The screenshot shows the 'Enter Trade In Order' pop-up window. The window has a title bar with 'Enter Trade In Order' and a close button. Below the title bar are tabs: 'Entry' (selected), 'Lines', 'Exit', and 'Audit Enquiry'. A sub-header says 'Enter values on the screen'. The form is divided into two main sections: 'Trade-In Details' and 'Trade-In Processes'.

Trade-In Details:

- Customer: [Text Field]
- Name: [Text Field]
- Address: [Text Field]
- PostCode: [Text Field]
- Phone: [Text Field]
- Email: [Text Field]
- ID Number: [Text Field]
- State: [Text Field]
- Country: [Text Field]

Trade-In Processes:

- Trade In Type: 8 Bank Transfer
- Warehouse: 3301
- Rep: [Text Field]
- Territory: [Text Field]
- PO No.: 0
- Trade In Status: 10
- Voucher: [Text Field]
- Total Value: 0.00

The background shows the main POS interface with 'Ted's Cameras' logo, 'CUSTOMER DETAILS' (Cash Sales - Melbourne), and various buttons like 'TOTAL CARE PACKAGE', 'FILM PROCESSING', 'PRINT & CREATE', 'PASSPORT PHOTOS', 'BOX CHECK', 'ITEM SEARCH', 'Eftpos', 'Cash', 'Cancel Line', 'Suspend', 'Search competitor on Web', 'Cancel Sale', 'Resume', 'Web Site', 'Line Options', 'Customer Enquiries', 'Purchase Orders', 'Gift Voucher', 'Other Functions', 'End of Day', 'Sales Summary', 'Log Out', 'Quit POS', 'Repairs', and 'PRICE'.

5. You will then proceed to the "Select Customer" section. If the customer is an existing Teds customer, click the magnifying glass (or use the keyboard shortcut F2) and use the keyword search to find their account. (If the customer isn't an existing customer, you will need to add them first.)

This screenshot shows the 'Enter Trade In Order' pop-up window with the 'Entry' tab selected. The 'Trade-In Details' section now includes a 'Customer' field with a magnifying glass icon and a 'Suggestions' button. The 'Trade-In Processes' section remains the same as in the previous screenshot.

Trade-In Details:

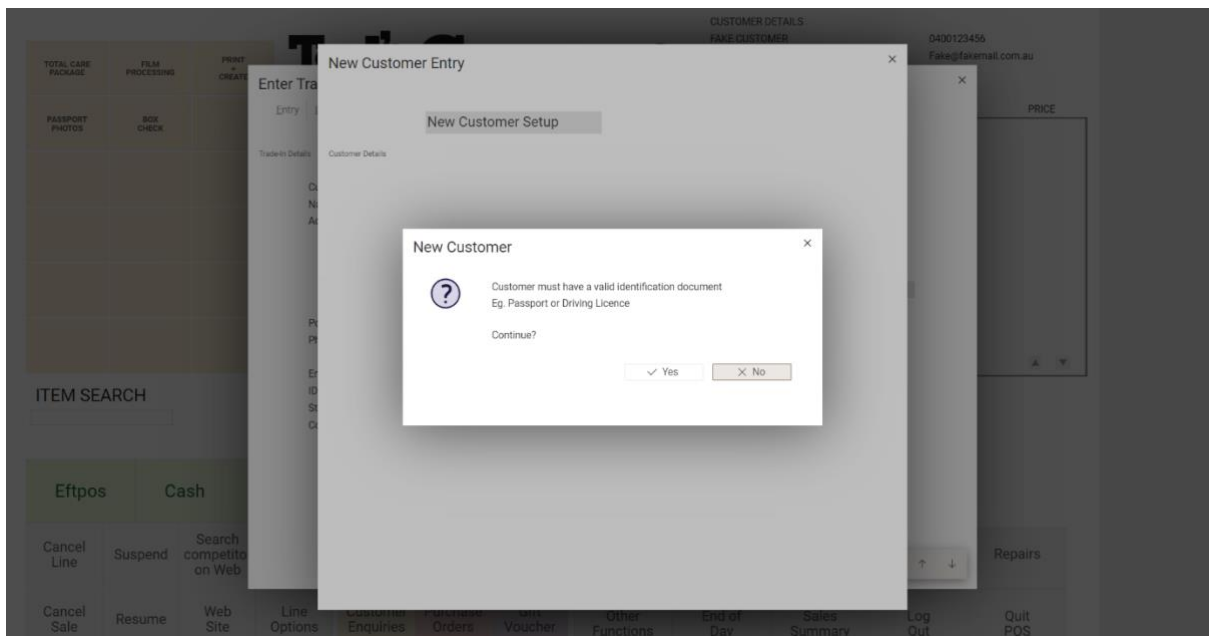

- Customer: [Text Field with Magnifying Glass]
- Name: [Text Field]
- Address: [Text Field]
- PostCode: [Text Field]
- Phone: [Text Field]
- Email: [Text Field]
- ID Number: [Text Field]
- State: [Text Field]
- Country: [Text Field]

Trade-In Processes:

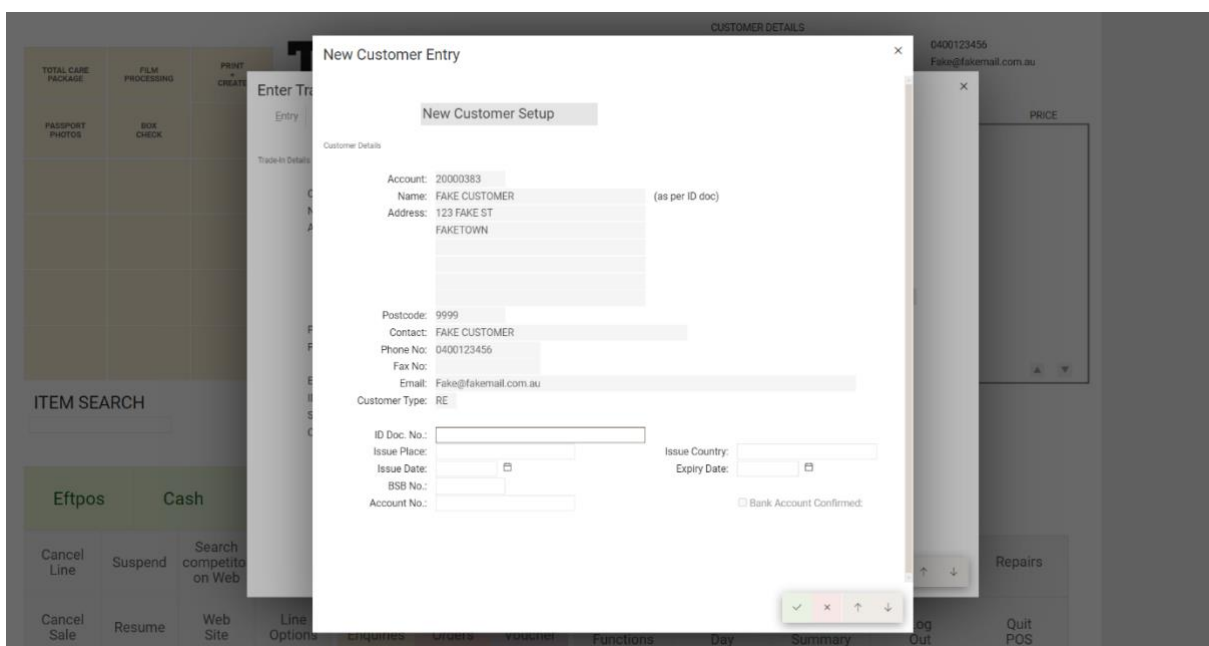

- Trade In Type: [Text Field]
- Warehouse: [Text Field]
- Rep: [Text Field]
- Territory: [Text Field]
- PO No.: 0
- Trade In Status: 10
- Voucher: [Text Field]
- Total Value: 0.00

The background interface is the same as the previous screenshot, showing the 'Ted's Cameras' POS system with various buttons and the 'CUSTOMER DETAILS' section.

6. Once you have found and selected the customer's account, a pop-up will appear. To continue, click "Yes." If the customer doesn't have a valid form of ID, you cannot proceed with the trade-in.

7. After selecting the customer, pronto will load all of their current customer details.
8. You will need to add the customer's identification details and bank details. Not all states' identification types have an issue date; if the ID doesn't have this, you can leave the field blank. If we are paying a customer store credit you can process through and leave the bank details blank. And proceed to the next step.

 Total Value: 0.00

Type B-Bank Transfer S - Store Credit

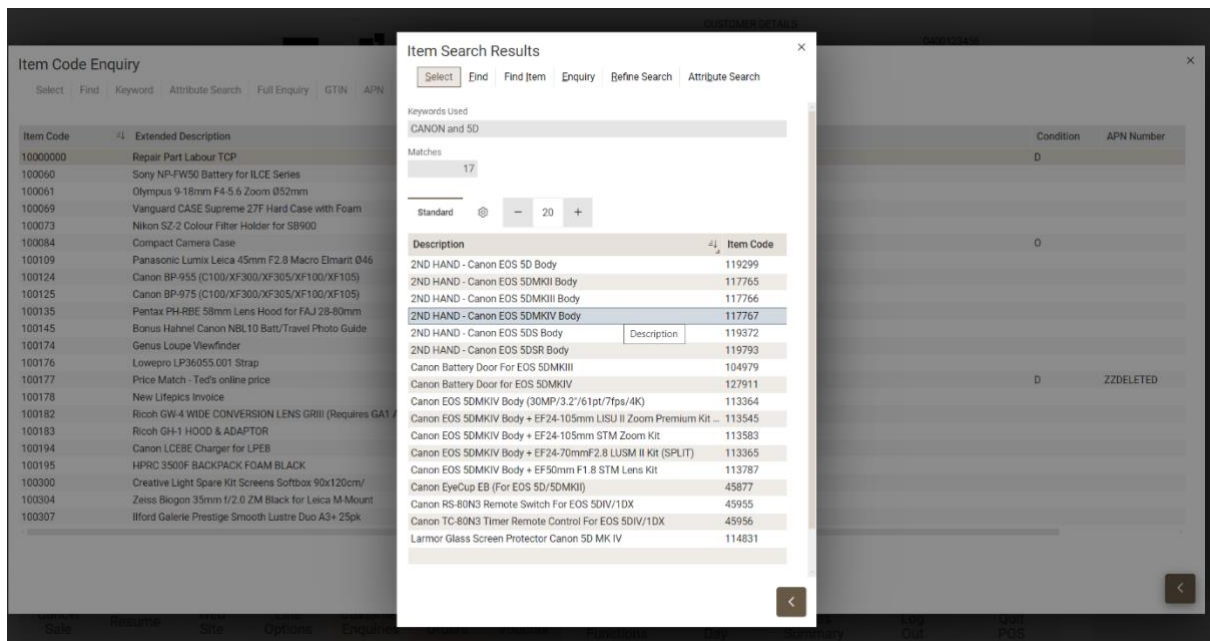

10. Once selecting S and adding your warehouse Pronto will automatically open the "Lines on Accessories" screen. Click "Entry" on this screen to start populating line one.

[illegible]

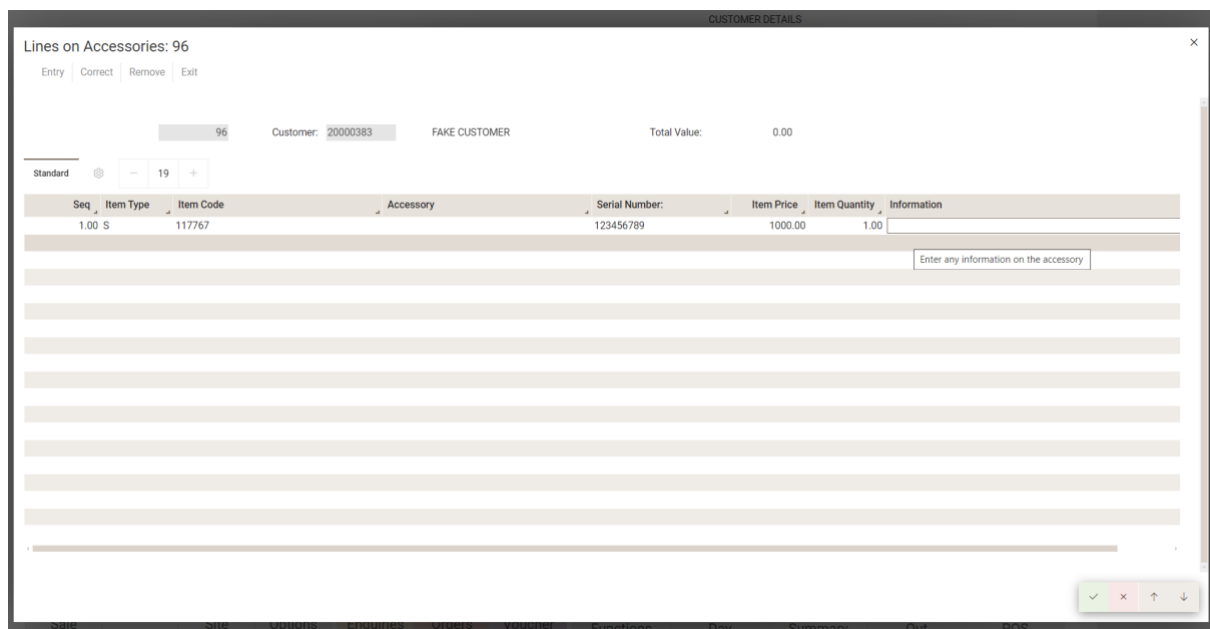

11. Select either "S" (Serial Item) or "A" (Accessories). Select "S" to add the product. After entering "S" and pressing "Enter," you will move to the item code section.

[illegible]

12. In the item code section, click the magnifying glass and use the keyword search to find and select the product.

13. After selecting the product, enter the serial number in the designated section. Double-check the serial number as changes to the serial number once processed require assistance from Alex or Rory.

14. Once you enter the serial number, Pronto will automatically populate the correct price, including GST, that we will offer. If we are accepting the camera for less than the maximum trade-in price, reduce the price accordingly. You can also add any additional notes in the "Information" section.

Repairs

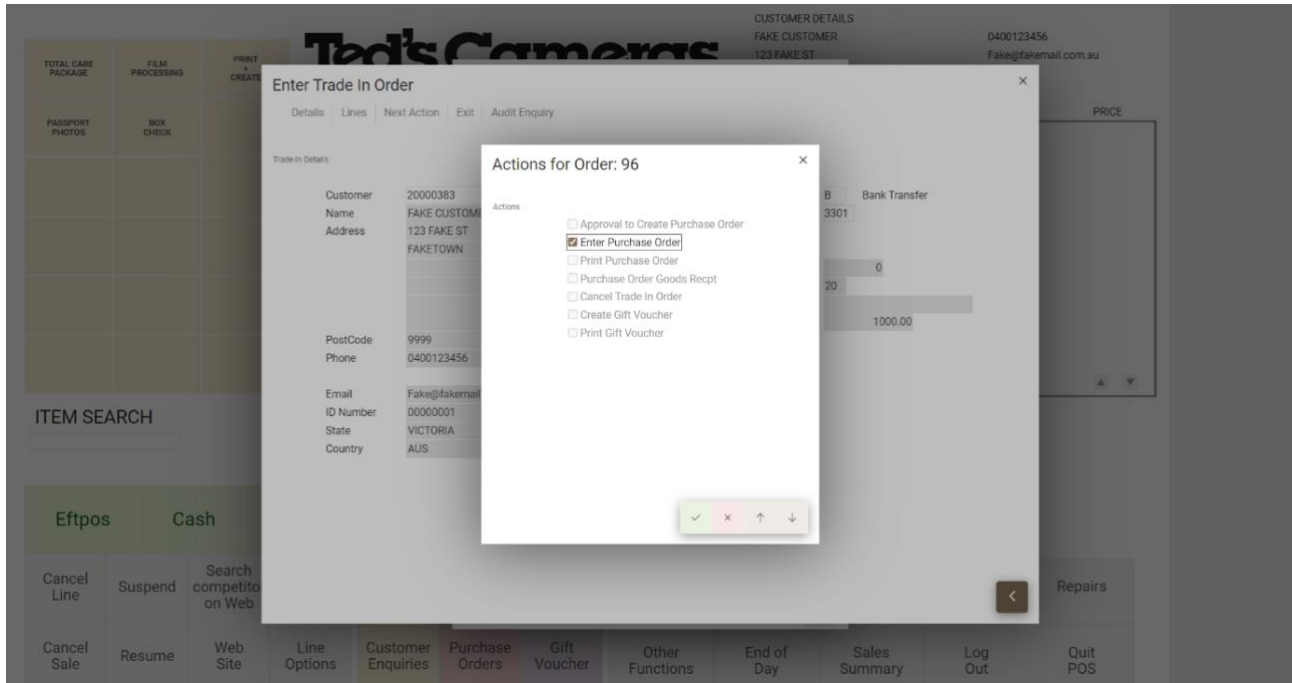

17. From here, click "Next Action" in the top menu. First, click "Approve to Create Purchase Order."
18. A supervisor will need to log in and verify that the trade-in details are correct for the purchase order to be created.

19. Once a supervisor has approved, proceed to the next step.

20. Now, click "Enter Purchase Order." The purchase order will be automatically created in the backend of Pronto.

21. Pronto will display multiple pop-ups indicating that the purchase order is being created; you can press "Enter" through all of these.

22. Check the boxes for "Print Purchase Order" and "Purchase Order Goods Receipt."

23. After these have been selected, a copy of the purchase order will automatically print from your local printer. This purchase order should be given to the customer, as it serves as their document confirming our purchase of the goods.

24. You will then need to click next action again and then click Create gift voucher.
