

STAFF PURCHASING POLICY – TEDS CAMERAS & DCW

Introduction

At Ted's Cameras and Digital Camera Warehouse (DCW), we value our staff and offer benefits such as Staff Purchasing, which allows employees to purchase products for personal use at discounted prices. This policy ensures fairness, transparency, and integrity in staff purchases across both brands.

It covers eligible products, payment methods, approval processes, purchase limits, and rules to prevent misuse of staff discounts.

Policy Details

- All staff purchases are **cash and carry**, including hardware, cameras, accessories, and photo processing services.
- Customer-ordered stock must be paid in full at the time of order. Lay-bys or long-term back-orders are **not permitted** for staff purchases.
- Staff purchase pricing is available after **three months of employment**. Prices are calculated automatically in the Pronto POS system when the Staff Account Name/Number is entered.

Approval & Processing

- All staff purchases must be approved by **Alex Meara, Rory Moore or Mark Allister** prior to purchase.
- Only **Store Managers or Assistant Store Managers** are authorised to process staff purchases.
- Receipts must remain **attached to purchased goods** for proof of purchase when leaving the store.
- Managers **cannot ring up their own purchase**. If a 2IC is not rostered, a senior staff member must process the transaction in Pronto.

Purchase Limits

- Staff may purchase a maximum of **two cameras per year**.
- Staff may purchase a maximum of **three second-hand items per year**.
- Second-hand items are priced at **selling price minus 25%** (calculated based on a 50% GP margin).

Important Rules

- Staff purchase pricing is for **personal use only**.
