

Welcome Letter - Existing

Version 1

Hi Matthew,

Welcome to CONNECTED! Ted's Cameras is your one stop spot for all you need to know about working at Ted's Cameras.

CONNECTED is currently getting stocked with all the staples you'll need; however, the shelves aren't full yet and we will continue to add more information until we're fully stocked!

CONNECTED can find **ALL** the information below in one place:

- The Ted's Cameras sales and monthly promotions – latest edition and backdated editions
- Events Calendar – so you can see everything that's coming up including catalogues, launches and eDM's
- On the Dashboard you will be able to view Communications and updates from Head Office
- You can view your upcoming shifts on Deputy, this is activated by entering your Deputy Username and Password on the Dashboard
- Access store and head office level contacts with ease
- You can share content on our very own, Ted's Camera's Social Timeline such as; special moments, anniversaries, team outings

- In the Work Central folders, you will find all the operations handbooks, current promotions, and training. Use the search bar at the top of CONNECTED to find what you are looking for
- Access to all store level forms including incident, banking, refund and more
- The Monthly Quiz will now be completed on CONNECTED, via Learn Central
- To support the launch of Pronto we will provide some Training here
- Christmas Casuals will be Onboarded through CONNECTED. In 2024 we will be Onboarding all new team members on CONNECTED

Everyone will be able to access CONNECTED on your desktop computer or your mobile device.

Here we can align our processes, values and policies. Bringing the Ted's Cameras brand to life in a strong, consistent and cohesive way. In unison together we have created an onboarding program for all our existing Team Members to complete, before being able to explore the opportunities in CONNECTED.

In the coming weeks, there will be initial required reading that you will be notified about. Included within will be the Pronto training and monthly quizzes.

We look forward to getting CONNECTED.

Matthew
